During this one week camp, we plan to give students an overview of the importance of Science, Technology, Engineering, and Math (STEM) skills as they relate to “real world” careers within the general, commercial, military and aerospace aviation industries.

This is an excellent educational opportunity for our students. Highlights for the week include:

- ***Travel Through Space* presentation by NASA Astronaut Dr. Terry Hart**
- **Tour FAA Air Traffic Control Tower and US Coast Guard Base**
- **Tour and Demonstration by the Federal Air Marshal Training Center**
- **Tour FAA Technical Center Labs**
- **Scheduled “Fly-Ins” include: US Navy, US Army, NJ State Police, AtlantiCare Medivac and US Coast Guard followed by career overviews. Plus much more!**
