“What do I want to be when I grow up?” It’s not too early to start exploring! Naval Air Station Wildwood (NASW) Aviation Museum’s “***Explorers” Summer Academy*** will utilize the same professional staff and similar agenda from our ACE Academy to motivate young students to start thinking about the future…NOW! Activities for this one week camp will stress the importance of a strong background in Science, Technology, Engineering, and Math (STEM) skills. Real world career opportunities will be EXPLORED!

This is an excellent hands-on educational opportunity for our students. Highlights for the week include:

- **“Play day on the Runway!” (Actually an airport operations safety presentation)**
- **Tour Police and Fire Station and see first-hand how technology is used**
- **Tour and Demonstration by United States Coast Guard**
- **Tour FAA Technical Center and Atlantic City International Airport**
- **Build and launch a water rocket and space shuttle**
